## What are the names of our characters? Can you find them in the book?

Start at a blank circle and follow the line to a letter.  
Write that letter into the circle to reveal a name.

## Create-a-SuperPal

Make a SuperPal just like you! Then put SuperPal into your pocket as a reminder that you have a super brain that does amazing things! You could make one for your brother, sister or friend!

- STEP 1** Select a face and a body. You may like to glue them onto cardboard before you cut them out to make it stronger. Trim on the dotted lines.
- STEP 2** Stick the face onto the body and write the first letter of your name onto the star. ★
- STEP 3** With the help of an adult, write positive qualities about yourself on the back of your SuperPal. *Eg. problem solver, adventurer, highly creative, performer, idea creator, awesome sports person, storyteller, musical, kind friend, great dancer, full of curiosity, clever, fun to be around etc.*
- STEP 4** To protect your SuperPal, you can try laminating it, covering it with adhesive book contact or clear packing tape to make it last longer. Trim to the dotted lines again.
- STEP 5** Put SuperPal into your pocket while you're at school. Each time you reach into your pocket you will be reminded of all the amazing qualities and talents you have. And remember, you have an incredible brain that can do anything!

## DIY Reading Window

**Reading Windows** strengthen visual tracking skills, block distractions and help you focus and concentrate whilst reading. Make your own using the templates here.

**Coloured Overlays** are used to reduce visual stress too. They reduce the contrast of text against the background and are readily available online.

Multiple line template:
