## Reason for request

1 in 5 people have dyslexia, which is about 4 kids in every classroom. It's the most common learning disability affecting the self esteem of thousands of children. This book has been created as there were no suitable books for the author's seven year old daughter to feel understood.

## *I'm a Dyslexic Superhero*

**Synopsis:** Kyla, a grade 1 student, has just been diagnosed with dyslexia. This explains why she finds reading and spelling really hard. As she ventures into different lands she shares her feelings and her struggles, while learning important tips along the way to empower herself.

*I'm a Dyslexic Superhero* is thoughtfully designed enabling a more enjoyable reading experience for those with dyslexia. It's also kid approved, packed with facts, tips, and fun activities which were intentionally included to engage reluctant readers. (QR code included to access a downloadable copy of the activities included in this book). This book is honest, uplifting and fun for primary/elementary school children.
